

Develop your professional skills and improve your employability with our accredited courses

Build your classroom competence and confidence through engaging and authentic scenarios. Access learning resources to help you develop your professional skills and knowledge.

Classroom preparedness solution

- ✓ Build your confidence and competence to work in contemporary classroom settings. Learn at your own pace in a safe environment.
- ✓ Experience realistic common classroom situations with our scenario-based learning (SBL) methodology to strengthen your decision-making and judgement.
- ✓ Access in-depth learning resources to help you develop your professional skills and knowledge.
- ✓ Receive course certification you can include with your CV or teacher education application to show you've completed credible, targeted learning.

Award-winning, CPD Accredited Courses

Our award-winning courses meet CPD quality benchmarks for being well-designed and providing a clear learning framework and experience.

Extensive Library of Teaching Scenarios

Our courses use an expertly curated library of 100 animated video-based scenarios and 300 text-based scenarios, designed by teachers for teachers.

✓ Realistic classroom scenarios

✓ Learning resources

✓ Course certification
